At The Iconic Royal Crescent Hotel and Spa

An Idyllic Retreat...

Welcome to The Royal Crescent Hotel and Spa, the iconic five-red-star destination where you can escape the hustle and bustle and get down to business, in a world away from the “typical office”.

Built as an example of “rus in urbe” (the country in the city) over 250 years ago, to this day the iconic Royal Crescent retains its mysterious urban-cum-rural feel, with green space to the front and rear of the building.

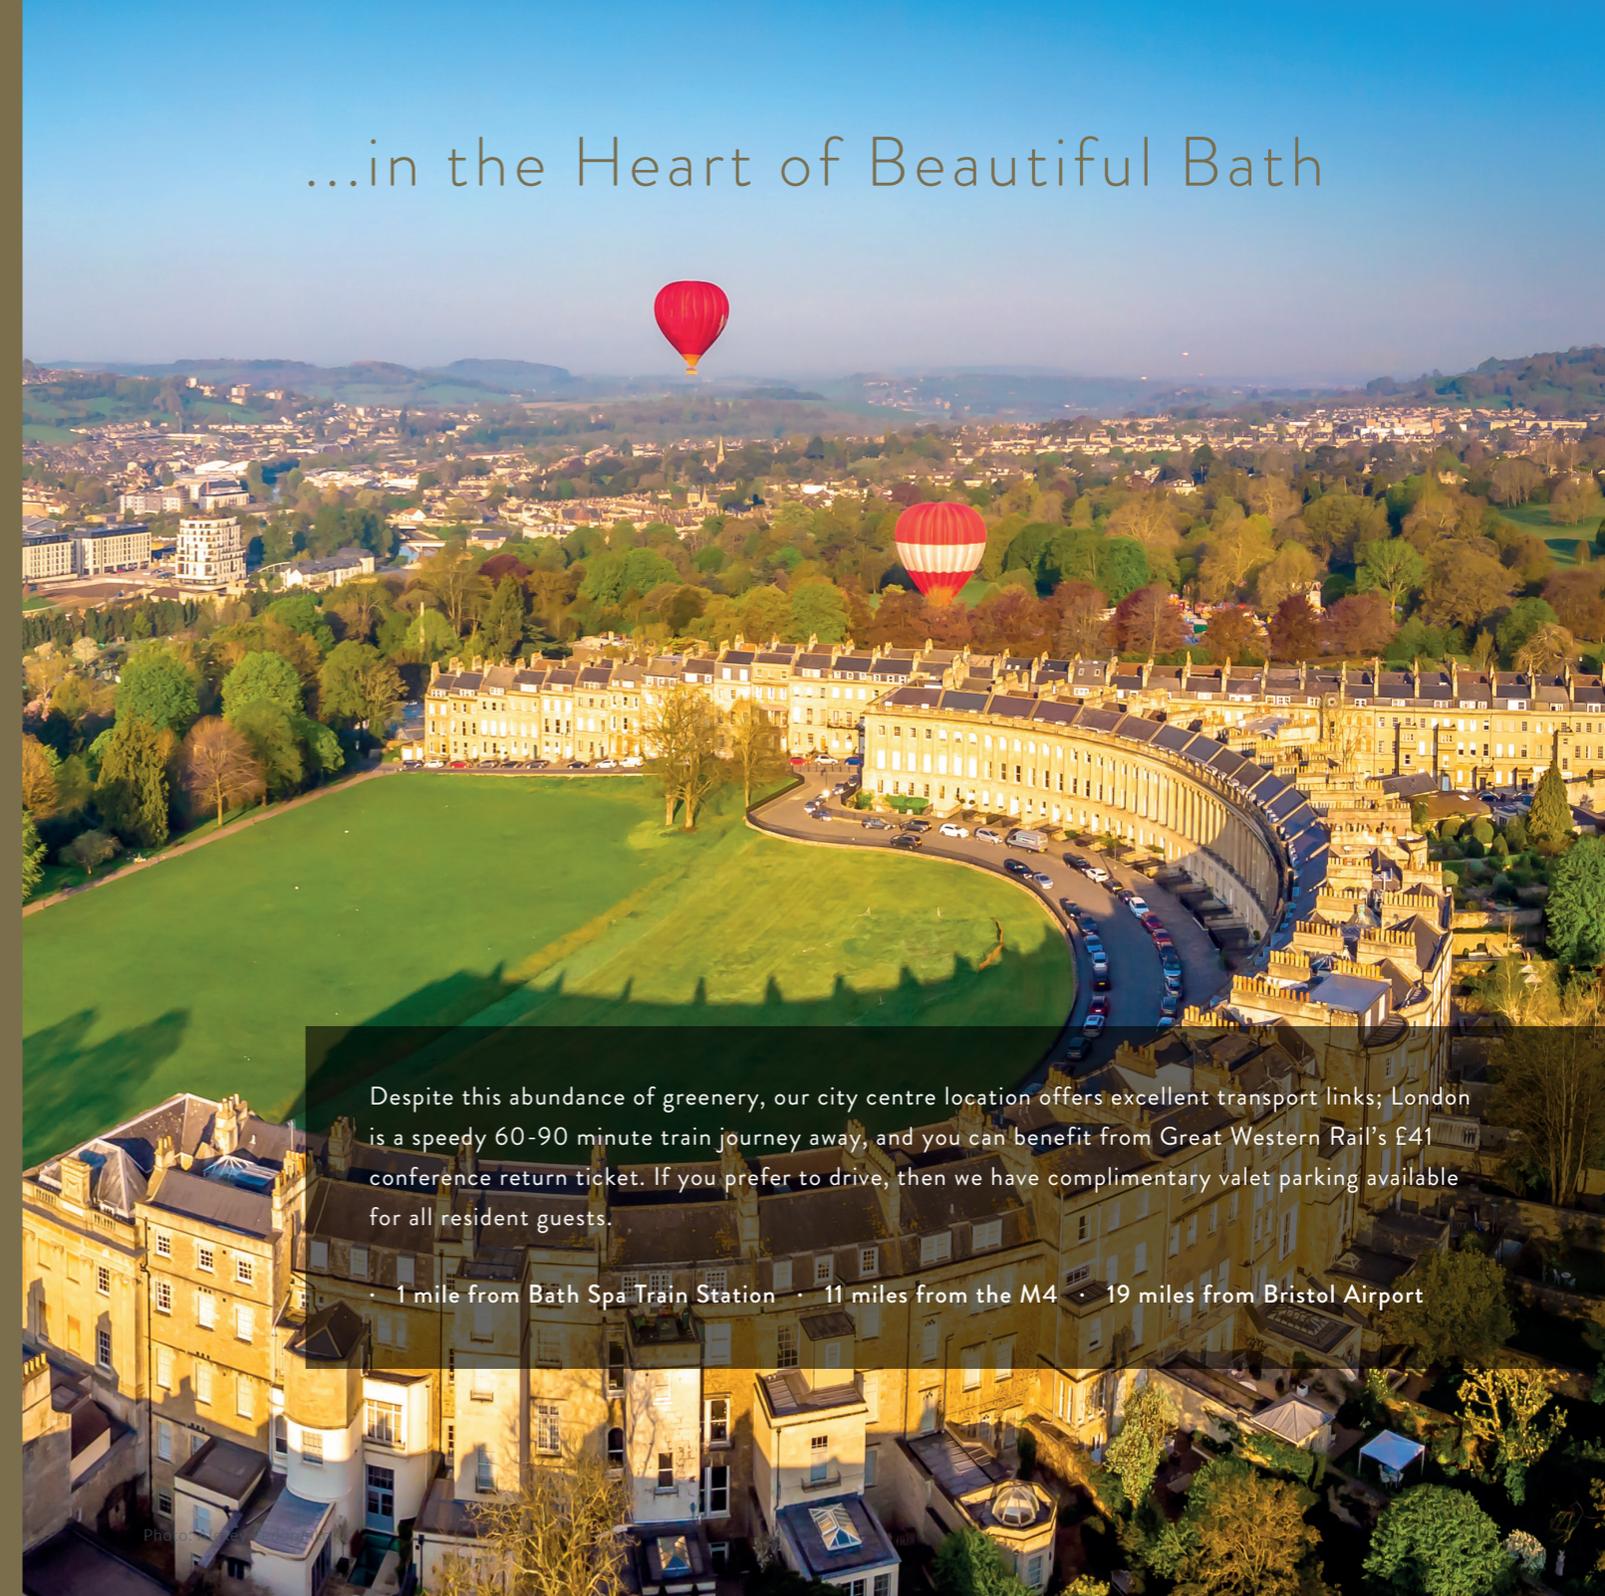

Step into our gardens, an oasis of bountiful flowers, trees and wildlife right here in the city centre. Open your senses to the sights, sounds and smells of nature.

Take a seat in the sunshine.

Breathe in, breathe out.

Listen to the beautiful bird song.

...in the Heart of Beautiful Bath

Despite this abundance of greenery, our city centre location offers excellent transport links; London is a speedy 60-90 minute train journey away, and you can benefit from Great Western Rail's £41 conference return ticket. If you prefer to drive, then we have complimentary valet parking available for all resident guests.

• 1 mile from Bath Spa Train Station • 11 miles from the M4 • 19 miles from Bristol Airport

Indoor and Outdoor...

Host your meeting or event, enjoy the great outdoors, sample freshly prepared food, and provide luxury accommodation for your team - all in one venue.

We can cater for both indoor and outdoor events, giving you the option of enjoying the British weather (without having to depend upon it!)

Why not take your coffees in our acre of private gardens and let the fresh air and nature invigorate and inspire you?

...Small and Large

Our event spaces are elegant, individually designed, and filled with natural light.

You'll be in safe hands with our experienced Events Team, who can coordinate everything for you from Wi-Fi connectivity to room

set-up to refreshments. You'll also have our undivided attention in the form of our dedicated Mansion Butler.

A serene setting for a productive day!

Food for Thought...

If food is fuel for the brain, then get ready for those synapses to start firing!

Our food is sourced locally and prepared freshly on site in our 3AA Restaurant, by our Executive Head Chef David Campbell. We can cater for a wide variety of tastes and dietary requirements, creating bespoke menus with wine pairing recommendations by our expert sommelier, Jean-Marc Leitao.

We'll set up your room and dining arrangements to fit in perfectly with the tone of your event, taking care of every detail, right down to designing your seating plan for you.

From light bites and sandwiches, to decadent afternoon tea, to a sumptuous fine dining private dinner; your foodie wish is our command!

Rest and recharge in one of our beautifully appointed bedrooms or suites. Each has been individually designed in-keeping with the character of the building, so that you feel entirely “at home”.

Prefer to have your own dedicated group space? Our standalone Garden Villa is perfect for small residential getaways of up to four people (or eight sharing), so that you can have your own privacy but still be close to colleagues.

...and a Refreshing Night's Sleep

Time to Relax...

A well-deserved reward in the form of utter tranquility!

Embrace the comforting heat of our Himalayan Salt Sauna, invigorate the senses in our Steam Inhalation Room, then float away in our relaxation pool.

Our modern gymnasium will provide an opportunity to get your blood pumping, or if you are ready to wind down a little, one of our luxurious treatments will ensure you do just that.

...and Time for Adventure!

All work and no play? Not at The Royal Crescent Hotel and Spa.

We use our local know-how to arrange incentive days and leisure activities to thrill, refresh and reward your hardworking team.

A few examples of what we can arrange for you...
