Our Spa Partners: GROUND & Medik8

In 2025, The Spa & Bath House welcomed GROUND, proudly becoming the only spa in the Southwest to offer their transformative treatments and rituals. Founded by Peigín Crowley, GROUND is dedicated to nurturing both body and mind through thoughtful, holistic self-care. Handcrafted in small batches in Ireland using 100% natural, vegan ingredients, each formulation is designed to support wellbeing—from stress relief and sleep to hormone balance and skin health.

Continuing our commitment to refining and enhancing our offering, in 2026 we introduce Medik8, a globally recognised British skincare brand renowned for its results-driven, science-led approach. Developed with dermatological expertise and crafted in the UK using advanced active ingredients, Medik8 treatments are clinically proven to improve skin tone, texture and clarity, delivering visible, age-defying results.

Together, these carefully selected partners allow us to offer a considered and comprehensive approach to well-being uniting nurturing, holistic rituals with advanced, result-driven skincare. From deeply restorative experiences that support overall balance to targeted treatments designed to visibly enhance the skin, each element of our offering is thoughtfully curated to deliver both immediate and lasting benefits. This harmonious blend of nature-led care and scientific innovation ensures every guest enjoys a personalised journey, delivered with expertise and attention to detail synonymous with The Spa at The Royal Crescent.

We look forward to welcoming you soon.
