Such a fabulous corporate offsite at RCH and it did not disappoint. From the moment we entered the hotel, a wave of calm flowed over us and it really set the tone for a very productive team offsite.

A great place to get away from London for a few days. The hotel and grounds are absolutely stunning and all staff are extremely friendly and helpful.

The chef's lunch menus were really exceptional, different on each day with a great selection. We all stayed in the Garden Villa which was a real treat as all the rooms were excellent. We hope to come back very soon!
